

# How to avoid an AI when East Sale airspace is active:

# Yarram

## 1. Is East Sale airspace active?

Flight briefing NOTAM codes:

YMES      ESX      0985

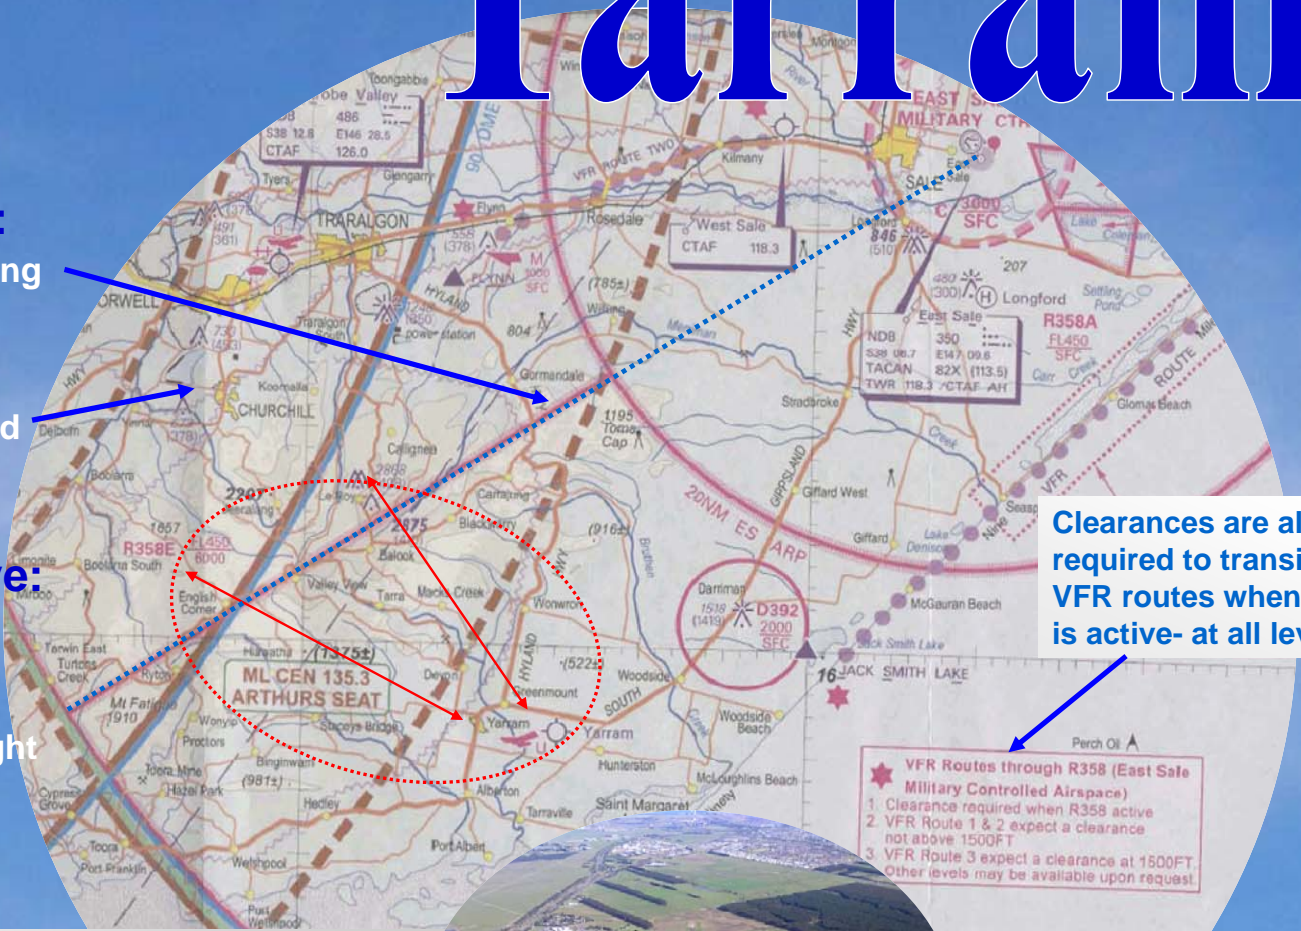

CHECK YOUR NOTAMS FOR R358D!

## 2. Tips to avoid East Sale airspace:

- A040 or below east of the ESL 230 NDB bearing (ESL NDB frequency 350 kHz) or
- A040 or below within 20 nm west of YYRM or
- A040 or below south of Churchill / Hazelwood cooling ponds

## 3. How to transit R358D when active:

- contact East Sale Delivery on 133.6 prior to R358D lateral or vertical boundary
- Delivery will identify you and ask for your flight details
- Delivery will issue you with a clearance

Clearances are also required to transit the VFR routes when R358A is active- at all levels!

**VFR Routes through R358 (East Sale Military Controlled Airspace)**

1. Clearance required when R358 active
2. VFR Route 1 & 2 expect a clearance not above 1500FT
3. VFR Route 3 expect a clearance at 1500FT. Other levels may be available upon request.

Hazelwood cooling ponds and Churchill

Yarram airfield

**Airspace Infringement (AI) HOTSPOT:**  
YYRM in- bound and out-bound above A040
