

How to avoid an AI when East Sale Airspace is active:

Yarram

**AIRSPACE INFRINGEMENT (AI)
HOTSPOT: YYRM
IN AND OUTBOUND
ABOVE A040**

1. Is East Sale airspace active?

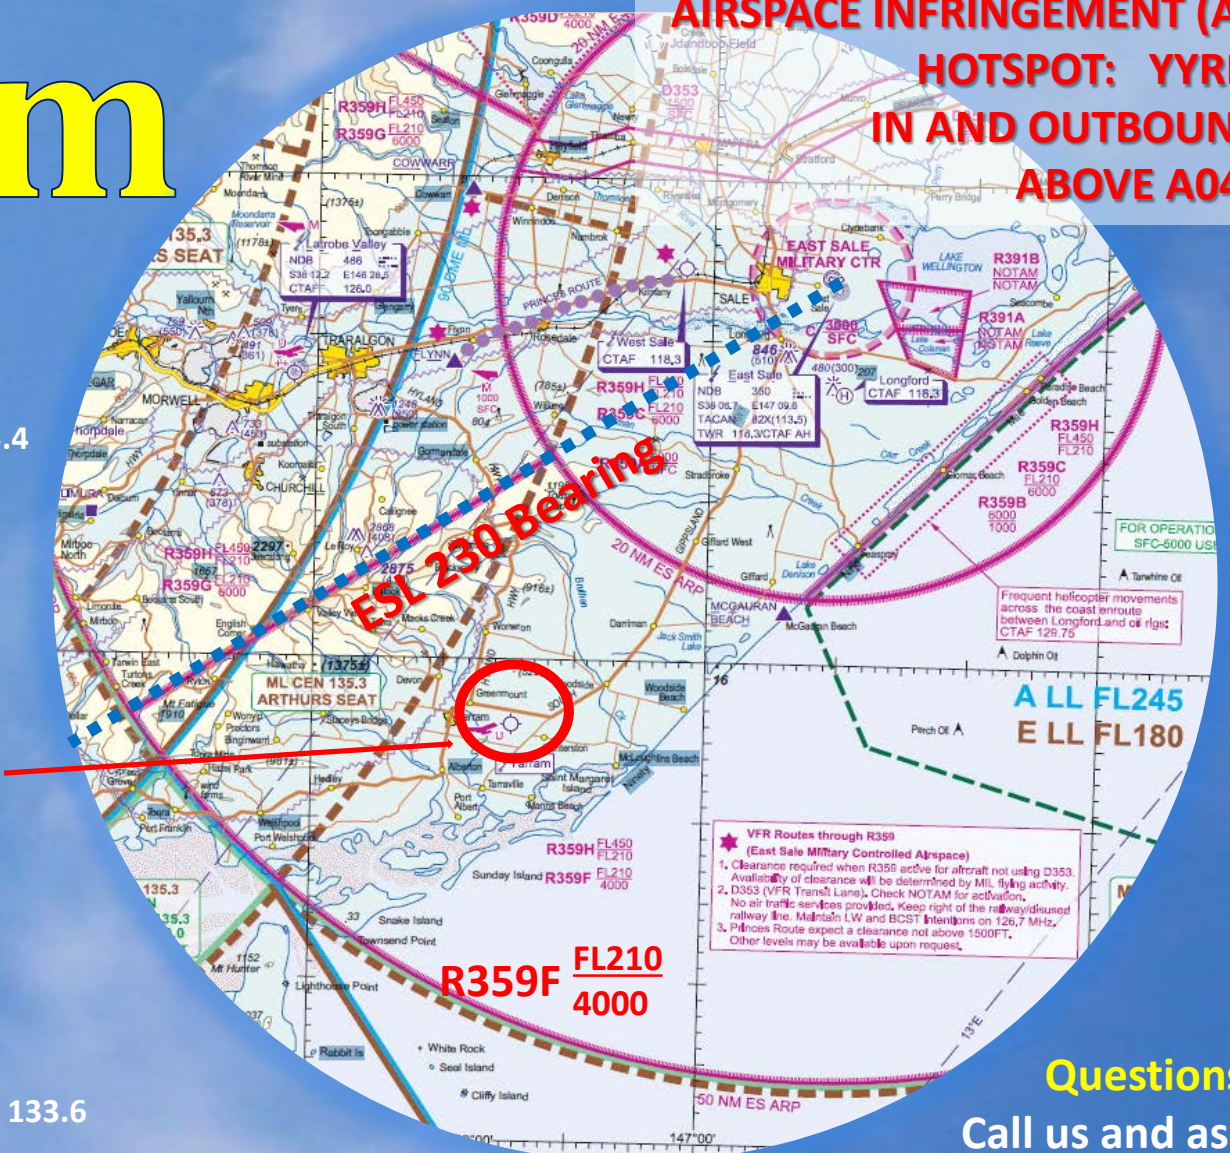

Flight briefing NOTAM codes:
YMES ESX
CHECK NOTAMS FOR R359 or ATIS 125.4

2. Avoiding East Sale airspace to and from YYRM?

Remain outside of 20NM ESL and remain at or below 4000ft when South East of the ESL 230 Bearing and Broadcast 126.0

3. Wish to transit R359?

Remain outside controlled airspace and request clearance through Sale Delivery 133.6

VFR Routes through R359 (East Sale Military Controlled Airspace)
1. Clearance required when R359 active for aircraft not using D353. Availability of clearance will be determined by MIL flying activity.
2. D353 (VFR Transf. Lane). Check NOTAM for activation. No air traffic services provided. Keep right of the railway/deserted railway line. Maintain LW and BCST intentions on 126.7 MHz.
3. Pilots/Route expect a clearance not above 1500FT. Other levels may be available upon request.

FOR OPERATIONAL SFC-6000 USE
Frequent helicopter movements across the coast enroute between Longford and off right CTAF 129.75
